## Report of Principal and School Improvement Council

During the 2012-13 school year, Oakdale officially became a STEM (Science, Technology, Engineering, and Mathematics) magnet school. As a magnet school students living outside our attendance zone had an opportunity to enroll in the program with transportation being provided. Two parent meetings were held to explain the STEM magnet school philosophy to families interested in attending Oakdale's magnet program. Oakdale enrolled approximately 35 students outside our attendance zone.

The faculty and staff participated in continuing professional development in the areas of project-based and inquiry-based learning. The faculty studied and discussed the book *An Ethic of Excellence* by Ron Berger; this book study was facilitated by district staff. Throughout the school year, the district office instructional specialists provided professional development in science, math, technology, and reading on a regular schedule. Oakdale purchased Discovery Education's Science Techbook for all students in 3rd through 5th grade. This Techbook is an interactive tool and is compatible with laptops, desktop computers, and iPads.

We held our 2nd STEM Fair in April. Kindergarten through 2nd grade students developed grade level projects, and 3rd through 5th grade students developed individual projects for the fair. This year the projects focused on one of the four categories in STEM. The SPICE Club, with the involvement of grade levels, created several school gardens, which were planted and tended by students. A Harvest Celebration was held, and the students were able to enjoy the vegetables they grew as a part of their meal.

Four Title I parent workshops were held throughout the school year and conducted by the Title I parent educators and Oakdale staff. Parent math workshops, one at each grade level, were facilitated by Oakdale's math coach. Parents were invited to eat a free lunch with their children and then attend the workshop. Each participant learned how we teach mathematics, received strategies and ideas to help their children, and were provided with free math manipulatives to use at home.

Oakdale continues to use the Compass Learning computer program, Odyssey, and used the program again this summer as our virtual summer school. Students were assigned "backpacks" in the area of reading and math to work on during their summer break. Oakdale has successfully completed another year with the Effective School-wide Discipline Plan, "Braggin' Dragons." The ESD plan is designed to promote success for all students by rewarding positive behaviors with dragon dollars that are used in our school store. In addition, town hall meetings were held monthly to reinforce the Braggin' Dragons program. The Oakdale Braggin' Dragon rules are as follows: Be Responsible, Be Respectful, Be Safe, and Be a Problem-Solver.

With support of parents, community, and a dedicated staff, Oakdale School continues to serve students in a nurturing and caring environment, ensuring success to each child.

Mr. Neil McVann, Principal      Mr. Andy Bell, SIC Chairperson

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	85.6
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Oakdale Elementary School STEM Magnet school has been designated as a:

- ☒ Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- ☐ Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- ☐ Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- ☐ Title I Priority School – one of the 5% lowest performing Title I schools.
- ☐ Title I School – does not qualify as Reward, Focus or Priority School.
- ☐ Non-Title I School – therefore the designations above are not applicable.
